INFORMATION CIRCULAR as at May 15, 2019 *(unless otherwise indicated)*

This Information Circular is furnished in connection with the solicitation of proxies by the management of Sirona Biochem Corp. (the “Company”) for use at the annual meeting (the “Meeting”) of its shareholders to be held on June 20, 2019 at the time and place and for the purposes set forth in the accompanying Notice of the Meeting.

In this Information Circular, references to “the Company”, “we” and “our” refer to Sirona Biochem Corp. “Common Shares” means common shares without par value in the capital of the Company. “Beneficial Shareholders” means shareholders who do not hold Common Shares in their own name and “intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “Proxy”) are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- b) any amendment to or variation of any matter identified therein, and
- c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter and for the nominees of management for directors and auditors as identified in the Proxy.

Registered Shareholders

If you are a registered shareholder, you may wish to vote by proxy whether or not you attend the Meeting in person. Registered Shareholders who choose to submit a proxy may do so by means of one of the following options:

- (a) complete, date and sign the enclosed form of proxy and return it to the Company's transfer agent, Computershare Investor Services Inc. ("**Computershare**"), by fax within North America at 1-866-249-7775, outside North America at 1-416-263-9524, or by mail to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1; or
- (b) use a touch-tone phone to transmit voting choices to a toll free number. Registered shareholders must follow the instructions of the voice response system and refer to the accompanying Proxy form for the toll free number, the holder's account number and the proxy access number; or
- (c) log on via the internet to the website voting page of Computershare at www.investorvote.com. Registered Shareholders must follow the instructions provided at the voting page and refer to the enclosed Proxy form for the holder's account number and the proxy access number. You will also have the option to appoint a person other than the persons designated on this Proxy form by following the instructions provided on the website.

Regardless of the option chosen to submit the Proxy, to be represented at the Meeting, completed proxies submitted must be received by Computershare **no later than 48 hours**, excluding Saturdays, Sundays and statutory holidays, **prior to the time of the Meeting** or adjournment thereof (unless the Chair of the Meeting determines, in the Chair's sole discretion, that proxies may be received by delivery to the Meeting scrutineer at the Meeting).

Beneficial Shareholders

There are two kinds of Beneficial Shareholders: Objecting Beneficial Owners ("OBOs") object to their name being made known to the issuers of securities which they own; and Non-Objecting Beneficial Owners ("NOBOs") who do not object to the issuers of the securities they own knowing who they are.

Voting for Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) and NOBOs, or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the names of intermediaries, which include banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans. In Canada, the majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, the majority of such Common Shares are registered under the name of Cede & Co. as nominee for The Depository Trust and Clearing Corporation (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

The proxy solicitation materials relating to the Meeting are mailed to all registered holders and all NOBOs. Broadridge Financial Solutions, Inc. (“Broadridge”) will complete the mailing to all NOBO holders. As a result, NOBOs can expect to receive a scannable Voting Instruction Form (“VIF”) from Broadridge. The VIF is to be completed and returned to Broadridge as set out in the instructions provided on the VIF. Broadridge will tabulate the results of the VIFs received from NOBOs and will provide appropriate voting instructions at the Meeting with respect to the Common Shares represented by the VIFs they receive.

If you received a VIF, please return your VIF as specified in the request for voting instructions that was sent to you.

These securityholder materials are being sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent sent these materials directly to you, your name, address and information about your holdings of securities, were obtained in accordance with applicable securities regulatory requirements from the intermediary holding securities on your behalf.

Beneficial Shareholders who are OBOs do not appear on the list of shareholders of the Company maintained by the transfer agent. The Company will not pay for intermediaries to forward the proxy related materials for the Meeting to OBOs. Accordingly, any OBOs should note that they will not receive copies of these proxy related materials unless the intermediary for each OBO assumes the delivery costs related in any such delivery. **OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada, and the securities laws of the Provinces of Canada. The proxy solicitation rules under the United States *Securities Exchange Act of 1934*, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the Provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the Provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act* (British Columbia) (the “BCBCA”) certain of its directors and its executive officers are residents of Canada and a substantial portion or all of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder’s authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Computershare (see “*Registered Shareholders*” above), or at the address of the registered office of the Company at 1500 Royal Centre, 1055 West Georgia Street, P.O. Box 11117, Vancouver, British Columbia, V6E 4N7, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or

b) personally attending the Meeting and voting the registered shareholder's Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year of the Company to the date of this Information Circular, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors and as set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The board of directors (the "Board") of the Company has fixed May 15, 2019 as the record date (the "Record Date") for determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a form of proxy in the manner and subject to the provisions described above will be entitled to vote or to have their Common Shares voted at the Meeting.

The Company is authorized to issue an unlimited number of Common Shares of the Company without par value. The Common Shares of the Company are listed for trading on the TSX Venture Exchange (the "TSXV"). As of May 15, 2019, there were 207,761,737 Common Shares without par value issued and outstanding, each carrying the right to one vote. There are no restricted securities, or securities directly, or indirectly, convertible into restricted securities of the Company. There is no class of security holders with the right to elect a specified number of directors, or which has cumulative or similar voting rights.

To the knowledge of the directors and executive officers of the Company, no person or Company beneficially owns, directly or indirectly, or exercises control or direction over, more than 10% of the issued and outstanding common shares of the Company.

VOTES NECESSARY TO PASS RESOLUTIONS

A simple majority of affirmative votes cast at the Meeting is required to pass the ordinary resolutions described herein. If there are more nominees for election as directors or appointment of the Company's auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled all such nominees will be declared elected or appointed by acclamation.

PRESENTATION OF FINANCIAL STATEMENTS

The annual financial statements of the Company for the fiscal years ended October 31, 2018 and October 31, 2017 together with the auditor's reports thereon and the related management discussion and analyses in respect of the foregoing financial statements, will be presented to the shareholders at the Meeting. Copies of these financial documents are available under the Company's SEDAR profile at www.sedar.com.

ELECTION OF DIRECTORS

Number of Directors

The shareholders set the number of director positions on the Board at seven (7) at the annual general meeting of the Company held on December 18, 2017 (the "2017 AGM") although only five (5) directors were elected to the Board at the 2017 AGM. The Board has since determined that the number of director positions on the Board should be

reduced to five (5). Accordingly, at the Meeting the directors will ask the shareholders to approve an ordinary resolution to set the number of directors on the Board at five (5) directors. The term of office of the five current directors will end at the conclusion of the Meeting. Unless a director's office is vacated earlier in accordance with the provisions of the BCBCA, each director elected at the Meeting will hold office until the conclusion of the next annual meeting of the Company, or if no director is then elected, until a successor is elected.

Advance Notice By-Law

At the annual general and special meeting of the Company held June 10, 2014, the shareholders approved adoption of new Articles of the Company by special resolution. The new Articles (the "Articles") include provision for advance notice of nominations for directors ("Advance Notice Provision") to be elected at a meeting of the Company's shareholders. The Advance Notice for Provision relates to the nomination of directors of the Company and has the purpose of providing shareholders, directors and management of the Company with a clear framework for nomination of directors of the Company in connection with any annual or special meeting of the Company's shareholders.

The purpose of the Advance Notice Provision is to: (i) ensure that all shareholders receive adequate notice of director nominations and sufficient time and information with respect to all nominees to make appropriate deliberations and register an informed vote; and (ii) facilitate an orderly and efficient process for annual or, where the need arises, special meetings of shareholders of the Company. The Advance Notice Provision sets a deadline by which shareholders of the Company must submit director nominations to the Company prior to any annual or special meeting of shareholders and sets forth the information that a shareholder must include in a written notice to the Company for any director nominee to be eligible for election at such annual or special meeting of shareholders.

A copy of the Articles can be found under the Company's SEDAR profile at www.sedar.com filed on June 10, 2014. The Advance Notice Provision is subject to annual review by the Board, and, as necessary, is updated to conform to statutory corporate and securities acts and regulations.

At the Meeting, any nominations for the position of director that are not proposed in this Information Circular and which are not submitted pursuant to Article 10.11, in the Articles, will not be accepted or considered at the Meeting. Pursuant to the Articles, the requirements of Article 10.11 may be waived at the sole discretion of the Board at any time.

Penalties and Sanctions

No person proposed for election as director of the Company has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 "*Audit Committees*" ("NI 52-110") of the Canadian Securities Administrators requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as set forth in the following.

Audit Committee Charter

The audit committee has a charter (the "Audit Committee Charter"), which sets out its mandate and responsibilities. A copy of the Audit Committee Charter is attached as Schedule "A" to the Information Circular filed under the Company's SEDAR profile on November 16, 2017.

The audit committee is a committee of the Board. Membership of the audit committee of a reporting issuer company is to be independent of the Company's management, with the exception of venture issuer companies that claim the relevant exemption in NI 52-110, relating to Part 3 (*Composition of the Audit Committee*). The audit committee represents the interests of the Company's shareholders.

The audit committee is authorized by the Board to:

- a) oversee the process of selecting and appointing the Company's external auditor,
- b) oversee the conduct of the audit, and
- c) have primary responsibility for the relationship between the Company and its external auditor.

Composition of the Audit Committee

The current members of the audit committee are: Casper Bych, Dr. Alex Marazzi and Dr. Howard Verrico. All members of the audit committee are "financially literate" (as defined in NI 52-110). Casper Bych and Dr. Alex Marazzi are independent members of the Audit Committee. Dr. Howard Verrico is not independent as he is the Company's Chief Executive Officer and Secretary.

Responsibilities of the Audit Committee

The audit committee must:

- a) take reasonable steps, at the time the auditor's appointment is under consideration, to ensure that the auditor is independent of management of the Company in accordance with applicable standards,
- b) determine whether the audit fees charged by the auditor appear adequate in relation to the work required to support an audit opinion, without regard to fees that might be paid to the auditor for other services,
- c) meet with the auditor, regularly and when otherwise appropriate, without management present to determine whether there are any contentious issues between the auditor and management relating to the Company's financial disclosure and, if so, whether those issues have been resolved to the auditor's satisfaction,
- d) establish, and monitor compliance with, the Company's policies regarding (i) the auditor's providing services beyond the scope of the Company's audit, and (ii) the Company's hiring individuals formerly employed by the auditor to fill senior officer positions of the Company, and
- e) annually review the steps it has taken to ensure that the auditor is independent of management of the Company, including (i) the policies and procedures followed so that any contracts for non-audit services to be provided by the auditor do not compromise the auditor's independence, and (ii) the nature of any non-audit service contracts entered into and the amount of the related fees.

Relevant Education and Experience

See disclosure under the above heading "*Election of Directors*" pertaining to relevant education and experience of the audit committee members. Each member of the audit committee has:

- a) an understanding of the accounting principles used by the issuer to prepare its financial statements, and the ability to assess the general application of those principles in connection with estimates, accruals and reserves,
- b) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the issuer's financial statements, or experience actively supervising individuals engaged in such activities, and
- c) an understanding of internal controls and procedures for financial reporting, as evidenced by their respective experience set out under the above heading "*Election of Directors*".

Audit Committee Oversight

Since the commencement of the Company's most recently completed financial year, the Board has not failed to adopt a recommendation of the audit committee to nominate or compensate an external auditor.

Reliance on Certain Exemptions

In the financial years ended October 31, 2018 and October 31, 2017 and to the date of this Information Circular, the Company has not relied on exemptions contained in sections 2.4, 6.1.1 or 8.1 of NI 52-110.

Pre-Approval Policies and Procedures

The audit committee has adopted specific policies and procedures for the engagement of non-audit services, and such policies and procedures are set out in the Audit Committee Charter.

External Auditor Service Fees

The fees paid by the Company to its auditor in the last two fiscal years, by category, are as follows:

Financial Year End	Audit Fees ⁽¹⁾	Audit Related Fees ⁽²⁾	Tax Fees ⁽³⁾	All Other Fees ⁽⁴⁾
October 31, 2018	\$57,800	Nil	\$2,500	Nil
October 31, 2017	\$66,200	Nil	\$3,100	\$15,000

Notes:

1. "Audit Fees" include, where applicable, fees necessary to perform the annual audit and the quarterly review of the Company's consolidated financial statements. Audit Fees include fees for the review of tax provisions and for accounting consultations on matters reflected in the financial statements. Audit Fees include audit and other attest services required by legislation or regulation, such as comfort letters, consents, reviews of securities filings and statutory audits.
2. "Audit Related Fees" include, where applicable, services that are traditionally performed by the auditor. These audit-related services include employee benefits audits, due diligence assistance, accounting consultants on proposed transactions, internal control reviews and audit or attest services not required by legislation or regulation.

Exemption

The Company is a "venture issuer" as defined under NI 52-110 and, as such, is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (*Composition of the Audit Committee*) and 5 (*Reporting Obligations*).

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The Company is a biotechnology research and development corporation that focuses on commercializing technologies in various fields and is dependent on financing to carry on its business. In order to ensure alignment with shareholder interests, as well as to conserve cash resources, the Company relies, when possible and prudent, on stock options and other share compensation arrangements, in addition to cash payments to remunerate its officers, employees, consultants and other service providers. To this end, the Company maintains an incentive stock option plan pursuant to which directors, officers, employees and consultants may be granted options to purchase Common Shares. The Company does not maintain any pension or retirement plan.

Compensation Committee

The Board has appointed a compensation committee so the responsibilities relating to executive and director compensation, including reviewing and recommending director compensation, overseeing the Company's base compensation structure and equity-based compensation program, recommending compensation of the Company's officers and employees, and evaluating the performance of officers generally and in light of annual goals and objectives, is performed by the Board on the basis of recommendations of the compensation committee.

The current members of the compensation committee are: Howard Verrico, Christopher Hopton and Casper Bych. Casper Bych is an independent director. Howard Verrico and Christopher Hopton are not independent as Mr. Verrico is the CEO and Secretary of the Company and Mr. Hopton is the CFO. See disclosure under "*Election of Directors*" pertaining to relevant education and experience of the compensation committee members.

The compensation committee assumes responsibility for reviewing and monitoring the long-range compensation strategy for the senior management of the Company and reviews the compensation of senior management on at least an annual basis taking into account compensation paid by other issuers of similar size and activity.

Objectives of the Compensation Program

The compensation program for the executive officers of the Company is designed with a view that the level and form of compensation achieves the following objectives:

- a) to attract and retain qualified executives,
- b) to motivate and recognize the performance and contributions of these executives, and
- c) to align their interests with those of the Company's shareholders.

The Company's compensation program is in place to ensure it stays comparable with other biotechnology research and development companies at a similar stage of development.

Elements of Compensation

In compensating its executive officers and senior management, the Company has employed a combination of short-term incentives (base salary or equivalent consulting fees), bonus and long-term incentives (stock option grants). The compensation committee is responsible for evaluating the CEO's performance relative to the Company's annual goals and recommending the compensation package to the Board for review and approval. The CEO is responsible for reviewing annually the base salaries of the other senior officers of the Company and their adjustments.

Base Salary

In the view of the compensation committee, paying base salaries, which are reasonable in relation to the level of service expected, while remaining competitive in the life science markets in which the Company operates is a necessary step to attract and retain qualified and experienced executives.

Bonus

The CEO is eligible to receive an annual performance-based cash bonus, which is overseen by the Board. The Board does not consider the applicable periods set for bonus purposes to be heavily weighted to the short-term and believes it has struck an appropriate balance between the short-term performance incentives and longer-term awards that vest over time.

Stock Options

The Company believes that encouraging its executives to become shareholders is the best way of aligning their interests with those of its long-term shareholders as the executives are provided with the opportunity to participate in the appreciation of the Company's share price. The Company has in place its equity incentive stock option plan (the "Option Plan"). The Option Plan was implemented to provide incentive to officers, directors, employees and consultants to increase their proprietary interest in the Company. The Option Plan is administered by the Board. The Board determines the individuals, the number of options, date of and the corresponding exercise price of all grants made under the Option Plan. Stock Options ("Options") granted to NEOs (defined below) take into account a number of factors, including the amount and term of Options previously granted, base salary or consulting fees, performance and market comparability. During the fiscal year ended October 31, 2018, the Company granted options as compensation to directors and officers of the Company.

Risk Assessment

In carrying out its mandate, the Board from time to time reviews the risk implications of the Company's compensation policies and practices, including those applicable to the Company's executives. This review of the risk implications ensures that the compensation plans, in their design, structure and application have a clear link between pay and performance and do not encourage excessive risk taking. Key considerations regarding risk management include the following:

- a) Design of a compensation program to ensure all executives are compensated equally based on the same or, depending on the mandate and term of appointment of a particular executive, substantially equivalent performance goals,
- b) A balance of short-term performance incentives with equity-based awards that vest over time,
- c) Ensuring that the overall expense to the Company of the compensation program does not represent a disproportionate percentage of the Company’s annual budget or financial resources, after giving consideration to the development stage of the Company, and
- d) Utilizing compensation policies that do not rely solely on the accomplishment of specific tasks without consideration to longer-term risks and objectives.

For the reasons set forth below, the Board believes that the Company’s current executive compensation policies and practices achieve an appropriate balance in relation to the Company’s overall business strategy and do not encourage executives to expose the Company to inappropriate or excessive risks.

The base salaries set for the Company’s executives are intended to provide a steady income regardless of the price performance of the Common Shares, allowing executives to focus on both near-term and long-term goals and objectives without undue reliance on short-term price performance or market fluctuations of the Common Shares.

CORPORATE GOVERNANCE

General

Corporate governance refers to the policies and structure of the board of directors of a company, whose members are elected by and are accountable to the shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board of

the Company is committed to sound corporate governance practices; as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making.

The Board believes that good corporate governance improves corporate performance and benefits all shareholders. The Canadian Securities Administrators (the “CSA”) have adopted National Policy 58-201 *Corporate Governance Guidelines*, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Company. In addition, the CSA have implemented National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“NI 58-101”), which prescribes certain disclosure by the Company of its corporate governance practices. This section sets out the Company’s approach to corporate governance and addresses the Company’s compliance with NI 58-101.

Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A “material relationship” is a relationship which could, in the Board’s view, be reasonably expected to interfere with the exercise of a director’s independent judgment.

The Board facilitates its independent supervision over management by having a majority of independent directors on both the Board and committees of the Board. The independent members of the Board, as of the date hereof, are: Casper Bych and Dr. Alex Marazzi. Dr. Howard Verrico, Christopher Hopton and Dr. Géraldine Deliencourt-Godefroy are not independent as they are officers of the Company.

The mandate of the Board is to manage corporate governance matters pertaining to the business and affairs of the Company. In fulfilling its mandate, the Board as a whole oversees the development and application of policies regarding corporate governance, deals with corporate governance issues, and is responsible for:

- a) adopting a strategic planning process for the Company;
- b) understanding the principal risks of the Company’s business and ensuring the implementation of the appropriate systems to manage these risks;
- c) succession planning for the Company, including identifying, appointing, training and monitoring senior management;
- d) overseeing the integrity of the Company’s internal controls and management information systems; and
- e) maintaining a continuing dialogue with management in order to ensure the ability to respond to changes, both internal and external, which may affect the Company and its business operations from time to time.

In carrying out its mandate, the Board holds regular meetings, and has established two committees with specific responsibilities, from its members. The frequency of meetings, as well as the nature of the matters dealt with, will vary from year to year depending on the state of the Company’s business and the opportunities or risks, which the Company faces from time to time.

Directorships

Certain of the directors and officers currently serve as directors and officers of other private and public companies. Some of the directors and officers may be engaged in the search for additional business opportunities on behalf of other corporations, and situations may arise where these directors and officers may be serving another corporation with interests that could be in conflict with the Company. In the event of any conflicts of interest, such conflicts must be disclosed to the Company and dealt with in accordance with the provisions of the BCBCA.

Casper Bych is the only current director nominee who is a board member of another reporting issuer. He is a director of Zidane Capital Corp., which is listed on NEX, a junior exchange of the TSXV.

Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company's business and on the responsibilities of directors. Board meetings may also include presentations by the Company's management to give the directors additional insight into the Company's business.

Ethical Business Conduct

The Board relies on the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation and securities laws to promote a culture of ethical business conduct.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

Board Committees

The Board has established an audit committee and a compensation committee to perform certain advisory functions to make recommendations and to report to the Board. A brief description of these committees, and their respective mandates, is set forth below. The audit committee is described more definitively under "*Audit Committee and Relationship with Auditor*" above, and the compensation committee is described in more detail under "*Executive Compensation*" above.

Audit Committee

Two of the three current members of the audit committee are independent directors, namely: Casper Bych and Dr. Alex Marazzi. Dr. Howard Verrico is not independent as he is also the CEO and Secretary of the Company. The audit committee reviews the annual and quarterly financial statements of the Company and certain other public disclosure documents required by regulatory authorities and makes recommendations to the Board with respect thereto. The audit committee also reviews with the auditors and management the adequacy of the Company's financial reporting and internal control procedures to ensure they are effective and appropriate.

Compensation Committee

Casper Bych is an independent member of the Compensation Committee, while Dr. Howard Verrico and Christopher Hopton are not independent. Dr. Verrico is the CEO and Secretary and Mr. Hopton is the CFO of the Company. The compensation committee reviews the Company's compensation policies and practices, compensation of senior management and succession planning, reviews the Company's corporate governance practices and makes recommendations to the Board.

There are no committees of the Board other than the audit committee and the compensation committee.

Assessments

The Board conducts an annual Board Effectiveness Survey of the Company's Directors to assess the effectiveness of the Board's function.

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and the Board committees. The Audit Committee will annually review the Audit Committee Charter and recommend revisions to the Board as necessary. The Company feels its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's method of corporate governance allows the Company to operate efficiently, with simple checks and balances that control and monitor management and corporate functions without excessive administrative burden.

PARTICULARS OF MATTERS TO BE ACTED UPON

Annual Ratification of the Stock Option Plan

Policy 4.4 of the TSX Venture Exchange (the "Exchange") specifies that all listed issuers must implement a stock option plan. The Company's current stock option plan, which was adopted on August 24, 2015 (the "Option Plan"), is a "rolling" plan as characterized by Exchange policy pursuant to which the aggregate number of Shares reserved for issuance thereunder may not exceed, at the time of grant, in aggregate 10% of the Company's issued and outstanding Shares from time to time.

To comply with Exchange policies covering "rolling" option plans, the shareholders of the Company must approve continued option grants under the Option Plan annually. At the Meeting, shareholders will be asked to ratify and approve the Plan for continuation until the next annual general meeting of the Company.

As at May 15, 2019, there were 207,761,737 Common Shares issued and outstanding. Accordingly, under the Plan the Company has the authority to grant options to purchase up to 20,776,174 Common Shares. At the date of this Circular there were options to purchase 8,300,000 Common Shares outstanding under the Plan and options to purchase 12,476,174 Common Shares remained available for grant.

Particulars of the Option Plan

The following is a summary of the principal terms of the Option Plan.

The Option Plan provides that stock options may be granted to directors, senior officers, employees and consultants of the Company (and any subsidiary of the Company) and management company employees. For the purposes of the Option Plan, the terms "employees", "consultants" and "management company employees" have the meanings set out in Exchange Policy 4.4. In addition, the term "director" is defined in Exchange Policy 4.4 to include directors, senior officers and management company employees.

Under the Option Plan, the Company's Board of Directors may, from time to time, designate a director or other senior officer or employee of the Company as administrator (the "Administrator") for the purposes of administering the Option Plan. The Administrator is Mr. Christopher Hopton.

The Option Plan provides for the issuance of stock options to acquire at any time up to a maximum of 10% of the issued and outstanding Shares of the Company (subject to standard anti-dilution adjustments). If a stock option expires or otherwise terminates for any reason without having been exercised in full, the number of Shares reserved for issuance under that expired or terminated stock option will again be available for the purposes of the Option

Plan. Any stock option outstanding when the Option Plan is terminated will remain in effect until it is exercised or it expires.

The Option Plan provides that it is solely within the discretion of the Board to determine who should receive stock options and in what amounts, subject to the following conditions:

- a) options will be non-assignable and non-transferable except that they will be exercisable by the personal representative of the option holder in the event of the option holder's death;
- b) options may be exercisable for a maximum of ten years from the date of grant;
- c) options to acquire no more than 5% of the issued shares of the Company may be granted to any one person (including companies wholly-owned by such person) in any 12 month period;
- d) options to acquire no more than 2% of the issued shares of the Company may be granted to any one consultant in any 12 month period;
- e) options to acquire no more than an aggregate of 2% of the issued shares of the Company may be granted to an employee conducting Investor Relations Activities (as defined in Exchange Policy 1.1), in any 12 month period;
- f) at no time will options be issued which could permit at any time the aggregate number of shares reserved for issuance under stock options granted to insiders (as a group) at any point in time exceeding 10% of the issued shares;
- g) at no time will options be issued which could permit at any time the grant to insiders (as a group), within a 12 month period, of an aggregate number of options exceeding 10% of the issued shares calculated at the date an option is granted to any insider;
- h) options held by an option holder who is a director, employee, consultant or management company employee must expire within one year after the option holder ceases to be a director, employee, consultant or management company employee, which time period the Company determines is reasonable;
- i) options held by an option holder who is engaged in Investor Relations Activities must expire within 30 days after the option holder ceases to be employed by the Company to provide Investor Relations Activities; and
- j) in the event of an option holder's death, the option holder's personal representative may exercise any portion of the option holder's vested outstanding options for a period of one year following the option holder's death.

The Option Plan provides that other terms and conditions may be attached to a particular stock option, such terms and conditions to be referred to the option certificate or in a schedule attached to the option certificate. Stock options granted to directors, senior officers, employees or consultants vest when granted unless otherwise determined by the Board on a case-by-case basis. Stock options granted to consultants performing Investor Relations Activities will vest in stages over 12 months with no more than ¼ of the options vesting in any three-month period.

In addition, under the Option Plan a stock option will expire immediately in the event a director or senior officer ceases to be a director or senior officer of the Company as a result of:

- a) ceasing to meet the qualifications under the Act;

- b) the passing of a special resolution by the shareholders; or
- c) an order made by a regulatory authority.

A stock option will also expire immediately in the event an employee ceases to be an employee as a result of termination for cause or an employee or consultant ceases to be an employee or consultant as a result of an order made by a regulatory authority.

The price at which an option holder may purchase a Common Share upon exercise of a stock option will be as set forth in the option certificate issued in respect of such option and, in any event, will not be less than the discounted market price of the Common Shares as of the date of grant of the stock option (the "Award Date"). The market price of the Common Shares for a particular Award Date will typically be the closing trading price of the Common Shares on the day immediately preceding the Award Date, or otherwise in accordance with the terms of the Option Plan. Discounted market price means the market price less a discount of up to 25% if the market price is \$0.50 or less; up to 20% if the market price is between \$2.00 and \$0.51; and up to 15% if the market price is greater than \$2.00.

In no case will a stock option be exercisable at a price less than the minimum prescribed by the organized trading facility or the applicable regulatory authorities that would apply to the award of the stock option in question.

The Option Plan also provides that: (a) disinterested shareholder approval will be obtained for any reduction in the exercise price of an option held by an insider of the Company; and (b) options cannot be granted to employees, consultants or management company employees that are not bona fide employees, consultants or management company employees, as the case may be.

Common Shares will not be issued pursuant to stock options granted under the Option Plan until they have been fully paid for by the option holder.

Shareholders may review a copy of the Option Plan at the Company's office during normal business hours until the date of the Meeting and at the Meeting itself. Shareholders may also request a copy of the Option Plan by contacting the Company at the address or telephone number on the first page of this Information Circular or on the Notice of Meeting.
